**WORKSHOP
& CONFERENCE**

25 - 28 JULY 2022

REPORT

The background of the entire page is a warm, orange-toned photograph of a landscape at sunrise or sunset. In the foreground, there are terraced rice fields. In the middle ground, there is a dense forest. In the background, there are mountains under a hazy sky with some clouds.

■ ■ Preface

It was started in APJII's discussion to found Indonesia Network Operators Group (IDNOG), it took 2 years after the discussion to find someone outside of APJII's executive that would like to lead IDNOG. During the APNIC meeting in Kuala Lumpur we form the committee as follow: Willy Sutrisno, Harijanto Pribadi, Rommy Kuntoro, Agus Ariyanto, Valens Riyadi, Freddie Pinontoan and Parlindungan Marius, Wita Laksono included as representative from APNIC.

The first event was in 2014 and this year IDNOG 07, was the ninth year but due to Covid we skip 2 years, so this is the 7th event.

As current committee we would like to express our appreciation to Willy Sutrisno for his participation till 2019 (IDNOG 06) event.

And to our most beloved friends, who left us, the late Harijanto Pribadi, he was a techie and easygoing person you would encounter, Rest In Peace our beloved friend our love and pray will always be with you.

THANK YOU and TERIMA KASIH, to all our participants, supporters and sponsors from the first event till IDNOG 07. This is the IDNOG 07 Report for you.

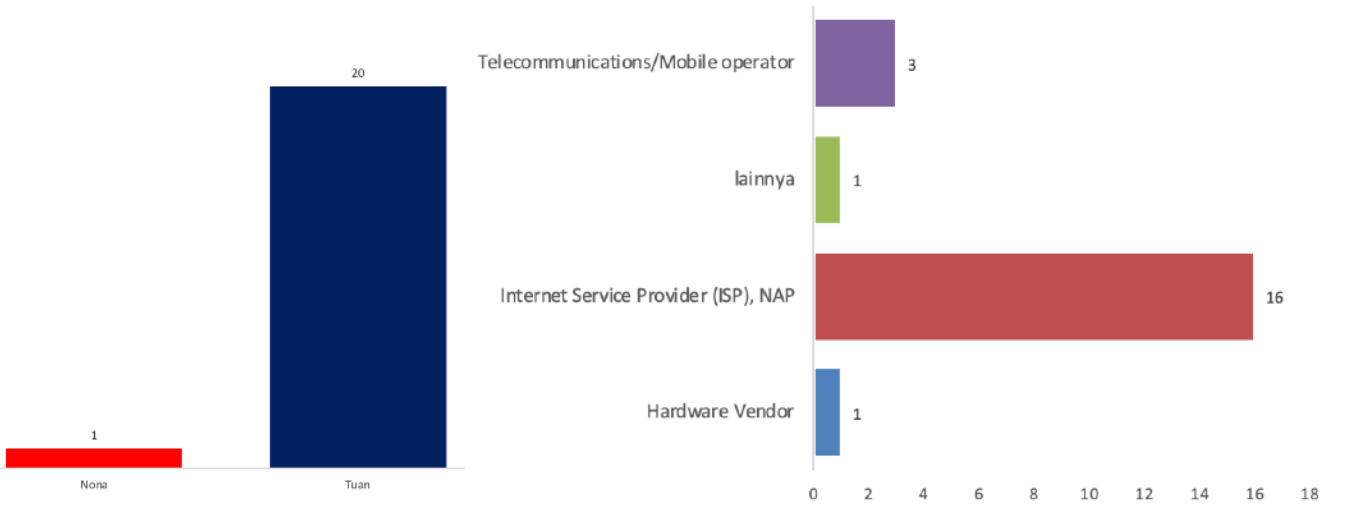

A decade of IDNOG, the IDNOG 08, would be expected as an unforgettable event, so please be prepared either as participants and/or sponsors, we are looking forward to see you at IDNOG 08.

Best Regards,
IDNOG Committee
